<b>Details pursuant to condition 20 (public realm) of 22/03519/MMA.</b>				

## Comment

**Proposed by the Chair with Cllr Michaelides' apologies:**

Sevenoaks Town Council recommended refusal on the grounds that the proposed current public realm strategy would neither contribute to, or enhance the Cultural Quarter as per Sevenoaks Town Neighbourhood Plan Policy COM2.

In addition, it was considered that the public realm strategy's proposals are contrary to those in the Neighbourhood Plan's Cultural Strategy, which recognises the significant scope for the new public walkway to regenerate and improve the cultural offer of the site. The strategy in its current form was therefore considered a missed opportunity to enhance the area and deliver a high-quality public realm feature.

## Informative:

The Town Council would welcome a resubmission which incorporates the vision of the Cultural Strategy, as well as the pre-discussed improvements requested by the Town Council in order to facilitate this, namely:

- Enhanced designs for seating, planters and bins, to have a cultural element and enhance the cultural area
- Permission to install an electricity point on the wall (metred and paid for by the Town Council),
- Permanently fixed stays along the boundary walls of Chandler's Walk to enable display of public art,
- And a dedicated space to allow for a stage to be erected for community events.

It was also noted that this site is earmarked for future public art enhancement, which the Town Council hopes to work collaboratively on with the District Council.

In addition, the Town Council recommended that the fence be made permeable to wildlife as per Sevenoaks Town Neighbourhood Plan Policy L1, and that damage to the public verge by virtue of root incursion and overshadowing by the now-felled line of conifers should also be repaired so that it is restored as a grassed amenity.
