The Committee received the MINUTES of the Planning Committee Meeting held 6th May 2025.

It was **RESOLVED** that the minutes be approved.

#### **97 - TEMPORARY ROAD CLOSURES**

The Committee received and noted a report summarising upcoming road closures within Sevenoaks Town, including diversion routes.

#### **98 - APPLICATION FOR DISABLED PERSONS (BLUE BADGE) PARKING BAY - SWANZY ROAD**

a) The Committee received and considered a consultation letter from Sevenoaks District Council, requesting the Town Council's comments on a proposed disabled persons parking bay outside number 14 Swanzy Road. It was noted that the deadline to submit comment is 4th June 2025.

b) It was noted that parking at this location is especially challenging, with cars regularly having to resort to parking on pavements, the green space and on the road corners and turning head. While therefore increasing the need for a disabled space, Councillors were also mindful of the impact that a further reduction in available parking space would have on fellow residents.

c) It was **RESOLVED** that the Town Council write in support of the disabled persons parking permit, however raise its concerns as to the impact of reduced parking space to other local residents.

#### **99 - DECISION NOTICES ON PLANNING APPLICATIONS COMMENTED ON BY SEVENOAKS TOWN COUNCIL**

**A summary of the main changes are set out below:**

### Comment

**Proposed by Cllr Skinner with Cllr Gustard's apologies:**

**Sevenoaks Town Council recommended refusal on the following grounds:**

- **Overlooking of neighbouring properties both to the North and South, and subsequent loss of amenity and privacy to their inhabitants,**
- **Inappropriate bulk and massing of the site,**
- **The designs are incongruent with the Residential Character Area Assessment**

### Informative:

**If the District Council is minded to approve the application, the Town Council would request that:**

- **A light assessment be undertaken to evaluate impact to the annexe at White Friars.**
- **The Tree Officer respond to the new Tree Report submitted on 18th March from Quaife Woodlands and confirm their satisfaction with the tree protective measures proposed, in addition to investigation being undertaken as to existing damage to trees caused by recent construction activities,**
- **The District Council Officers be reminded that the Residential Character Area Assessment was produced not only to protect the character from the streetview, but also all other views as well as amenity of residents. The Town Council considered the design at the sides of the proposed development to cause significant overlooking into the living space and gardens of neighbouring occupied dwellings, which is contrary to the Residential Character Area Assessment.**
- **A bat survey be carried out, due to it being known that they reside in neighbouring woodland,**
- **Kent Highways comment on the parking provision and overspill impact on local roads.**

## 25/00410/HYB - Amended plan

**Hybrid Planning Application comprising: Full planning permission for the demolition/removal of existing buildings and structures and the construction of 3no employment units (Use Class E(g) (ii), (iii) and B8), with associated parking and landscaping and optional mezzanine floor to each unit and outline planning permission with all matters except for access for the construction of a drive-thru restaurant selling food and drink for consumption on and off the premises (sui generis).**

**A summary of the main changes are set out below:**

**Additional SuDs strategy and transportation information, including road safety stage 1 audit.**

### *Comment*

**Sevenoaks Town Council recommended for refusal on the following grounds:**

- Non-compliance of the Fast Food element with National Planning and Policy Framework paragraphs 96 and 97,
- Non-compliance of the proposals with the following Sevenoaks Town Neighbourhood Plan Policies:
  - a) C9 (protecting and enhancing the landscape setting and character of town and visibility to and from the open countryside),
  - b) C10 (enhance the gateways and arrival points into the town)
  - c) M9 (supports measures that will encourage a shift towards the use of greener modes of transport by businesses and residents)
  - d) D1 (design guidance on nearby sites for Carpetright/Wickes and Travis Perkins, which recommends that light industrial uses be relocated to the Vestry Industrial Estate in order to remove the inappropriate siting of them within residential areas, and resolve the conflict between light industrial employment and residential accommodation in this area.
- Non-compliance with Sevenoaks District Council Policy EN2 (safeguarding amenities of current and future residents with regard to noise, odour, activity or vehicle movements, visual intrusion), as well as EN7 (noise pollution)
- The lack of pavement and safe crossing point across the A225 to access the restaurant, which is likely to attract school children, poses a highway safety concern, and no mitigation has been proposed to manage the traffic leaving and entering site at a point with low visibility. The Town Council noted the newly submitted transportation information, however due to the absence of detail on how pedestrians will safely cross, maintained these strong pedestrian-safety concerns.
- The Town Council considered that the existing level of light industrial use in the area reduced the justification for further such development, placing greater emphasis on safeguarding the area's residential nature, as well as the visual impression of the Town that it provides, as an important gateway location.

### **Informative:**

**Sevenoaks Town Council recommended that, should the District Council be minded to approve the application, it should be subject to a Design Review Panel, as per Sevenoaks Town Neighbourhood Plan Aim C6. In addition, any permission granted for the industrial units in the full application should be conditioned to ensure that the uses do not risk any damage to the neighbouring SSSI, watercourses or wildlife.**

<b>Erection of two 1-bedroom dwellings. Parking.</b>				

## Comment

**Sevenoaks Town Council recommended refusal on the grounds of overdevelopment and reduction in the amenity of the neighbouring houses through a negative impact on the streetscene and narrowing of the access way.**

## Informative:

The Town Council considered that, should the Planning Officer is minded to approve these plans, the inclusion of the proposed solar panels and EV charging points should be conditioned, as well as replacement of lost mature trees.

The Town Council also requested further investigation into how the full width of the living wall - especially considering any additional bulk from protruding plants - may affect the narrowing of the vehicular access to all neighbouring properties.

Finally, the Town Council expressed concern that the placement and proximity of the dwellings so close to the railway boundary and its cutting could impact their structure and stability. It therefore recommended that a Construction Methodology be submitted in order to address these concerns.

**Proposed by Cllr Skinner with Cllr Daniell's apologies:**

**A recommendation for approval with two conditions was proposed, seconded and LOST AT THE VOTE.**

**Sevenoaks Town Council recommended refusal on the following grounds:**

- The proposals constitute overdevelopment, with the building line, size, bulk and massing considered to be inappropriate and out of keeping with the neighbourhood and streetscene and contrary to guidance in the Residential Character Area Assessment,
- The loss of mature trees without proposed replacement would be both detrimental to the character area, as well as contrary to Policy L4 of the Sevenoaks Town Neighbourhood Plan and as guidance in the Residential Character Area Assessment,
- The extensive hard landscaping will have an unacceptable impact on surface water run-off, with no mitigation measures or porous surfacing proposed
- Failure to deliver 10% Biodiversity Net Gain, as required in the Sevenoaks Town Neighbourhood Plan, or any ecological enhancements to offset the impact of the development, additional hard landscaping and loss of trees and soft landscaping.
